

FROSH RECEPTION YESTERDAY; SURPRISE AFFAIR IS SUCCESS

PLANS

Assembly Plans For Semester Are Prepared

Changes have been made by the administration in the schedule for assembly and club meetings for the new spring semester. Instead of having only Fridays for club meetings as done during all of last semester, both Thursdays and Fridays have been designated as times for meetings. For example, during the month of February, club meetings will fall on Thursdays, while in the month of March, club meetings will be on Fridays. However, there are several exceptions; so it is best that the student refer closely to the following schedule:

(Continued on Page 3)

Commission

A.S. MEET SETTLES RECEPTION, FEED; DISCUSSES BUDGET

At the regularly scheduled meeting of the Student Commission in Room 11, Tuesday at one o'clock, final arrangements were made by the commission for the Freshman reception, which was so successfully held yesterday. The arrangements for the music, the refreshments, and the procuring of Miss Handley's gym classes to assist in the decorating were completed.

It was revealed that the U.G.C. plans to use the evening of February 25 for its annual Sadie Hawkins Backwards Dance, so another student-body affair cannot be held that evening. Due to an abundance of high school dances during the month, it was deemed not advisable to attempt conflictions. But a schedule of dances is going to be made, and the Associated Students is determined to hold several during the 14 weeks left in the semester.

Complete plans are now made for the annual Athletic Feed. It is to be held in the Santa Lucia Inn, at seven fifteen, on the evening of February 11. Fourteen students are eligible to attend, each may bring a friend. The commission voted \$60 to cover expenses.

ENTERTAINMENT, FOOD, DANCE ARE ORDER OF AFTERNOON

Yesterday afternoon, during the interval from two to four-thirty in the afternoon, the women's gymnasium was the scene of the successful carrying out of the second semi-annual Freshman Re-

ception, as sponsored by the student body. In accordance with the plans of the commission, details of the program were not released, and students were kept wondering as to what would happen when they arrived. The lure of the unknown worked, and the student body trooped into the choral room to find a host of entertainers, a refreshment counter among other things.

The entertainment, ably M.C.'d by Andy Adams, included musical numbers delivered by Margaret Williams and her Sad Hat Set, and Tony Rodriguez and Bill

Owens, monologues by Shirley Vernon and Barbara Heple, a reading of the Freshman Bible by Jim Armstrong, and a welcoming speech by Mr. Lemos. Following the refreshments, the band blared forth, and the rest of the afternoon was spent in rest of the afternoon was spent in dancing to the music provided by wax discs.

In charge of the affair was Mayre Davies, social activities commissioner. The program was arranged by Dexter Whitcombe, decorations by Jim Armstrong, and refreshments by Mrs. Baxter and her home economics classes.

QUOTA

Measure to Scrap Reserve Program In Committee

If a bill now pending in Congress is passed all army and navy reserve programs, such as the navy's V-5, V-12, and the others, will be scrapped in favor of a plan whereby all 18-year-olds will go through the regular procedure of induction, then be given a chance to state their preference, and, should they pass requisite physicals and mental, will be trained in much the same manner as under the present system.

Along this line, an order from the government is expected here by February 15, which will set a quota of students for which the college may request deferment. Only such students as are engaged in the sciences, physics, geology, and the geophysical sciences, dentistry, medicine, and theology, will receive first con-

STUDENTS!

S.J.C. Enrollment Mounting As 303 Registered to Date; Many Mid-Year Frosh Enter

A new high for the Salinas Junior College enrollment statistics for the college year, 1943-44, was reached with the additional registration of high school students, on Monday and during this week, upon their mid-year completion of high school.

To date, 303 students are enrolled, 123 men and 180 women.

There is a total of 41 new students and 262 old students. A surprising fact is that of the 41

newly enrolled Freshmen, 20 are men and 21 are women students, making the registration of men at the college an approximation of the number of coeds.

Considered significant by the administration is this number of mid-year Freshmen to matriculate at this time, since mid-year registration during the past years has been generally light.

Though the second semester commenced on January 25, new students will be accepted in late enrollment to the college.

Clubs at Salinas J.C. To Hold First Meetings Of Semester Next Week

The Art Club will hold its first meeting of the spring semester at noon Tuesday, February 8, in the Art room. It will be a luncheon meeting and election of officers will be held. Any new art students interested in joining may see Mr. Amyx or Dorothy Nybro for further information.

The Westminster Club, under the direction of Faith Fraser, will have a special meeting on February 28, the last Monday of the month. The meeting will be held at 12:20, and home-made cake and punch will be served. A special guest speaker, Miss Mary Campbell, who has recently arrived from India, will speak to the group. Miss Campbell is well acquainted with India's political leaders and knows much about the country's present conditions. She is the author of the book, "Shadow of Himalayas." New students wanting to join this club should contact Shirley Vernon, the club's president, before this meeting.

The Junior Soroptimists, also under Miss Fraser's direction, will meet on Thursday, February 10, in Room 4.

The W.A.A. will hold its meeting on February 10 in the women's gym. All women of the college are members and are urged to attend. Plans for Field Day will be made.

The Newman Club will meet in Room 7, on February 10. A new secretary will have to be elected and plans for a communion breakfast will be discussed. Father Hayes will be present to speak to the group.

PANTHER SENTINEL

Official publication of the Salinas Junior College, published every Friday by the Associated Students of Salinas Junior College, Homestead Avenue, Salinas, California. Editorial office, Room 4. Subscription rate \$1.00 per year, 5c each copy.

Home Ec Classes Prove Interesting To J.C. Women

Seventeen coeds have found the class in Family Relations to be both interesting and helpful. This course is offered by the Home Economics department. The first day, personality tests were given on the first impressions of the class on each girl, and later in the semester, another test will be given to see how much the girls have improved. These tests will consist of the girls' grooming, speaking, posture, health, etiquette, etc.

The course in Nutrition has been repeated this semester by popular demand. There are nine girls in the class, four of them are training to be nurses. The other members are specializing for some other fields of work.

The sewing classes are working on the idea of conservation of material by making over and repairing old clothes. The Foods classes are planning and serving meals. In the near future they will give dinners for the parents and members of the faculty. The main item right now is meat cookery, with emphasis placed on meat stretching.

TUMBLERS

JAYSEE TUMBLING TEAM ENTERTAINS AT GAMES

Added to the double bill of basketball frays on the home courts of the Salinas J.C. gym is another feature—the appearance of G. Darwin Peavy's tumblers. The members of the team who have participated in these appearances are Beverly Anderson, Gloria Bencich, Elaine Coronitis, Geneva Cranford, Oleta Treadway and Haroldene Vaughan. Fortifying the group are Teddy Dennis and George and Robert Peavy—younger set, but they are definitely good.

Their act consists of ground

ATTENTION STUDENTS!

Some of The Sentinel's files have been disappearing rapidly for the past few weeks until now. The Panther staff is working under a severe handicap. These folders of the 1943-44 copies of the paper are needed by the staff to help them in their work, and even though the disappearance of one of them may seem inconsequential to members of the student body, the paper cannot get along without them. The staff will appreciate the prompt return of the missing issues.

Engineer Dept. Adds Course

By popular demand the Engineering department has added a course in Aircraft Drafting, in which the men learn just what makes the aeroplane "tick." They are studying now about the aeroplane wing sections and the fuselage.

BONDS

For the benefit of the new students who have just enrolled at Esjaysee, as well as for last semester students, war bonds and stamps may be gotten through the college. They can be purchased either at the student store or through Mr. Addison at his office. The college urges students to buy often and all they can.

S.J.C. G.I.

Ensign EVAN HUSHBECK is home on leave, after serving with the Atlantic fleet. Ensign Hushbeck is with the naval air corps. He left S.J.C. in 1942.

ALFRED BINSACCA, Jr., a product of Soledad, has been promoted to the rank of corporal, and is stationed with the engineers at Fort Leonard Wood, Missouri. Binnsacca graduated from the junior college in 1941.

Returning for a brief visit to his Alma Mater was Lieutenant JAMES SHELTON, who recently graduated from the advanced flying school at Williams Field, Arizona, where he received his silver wings and gold bar. Lieutenant Shelton will be stationed at a Southern California school for transition flying training.

Private JAMES E. CHOISSER, is attending U.S. Marine Corps officers' training school at Flagstone, Arizona. Choisser attended Salinas J. C. in 1942-43.

It's now Private Gail B. Johnson. Gail is in the W.A.C.'s, taking her basis training at Fort Des Moines, Iowa. She was a student at Salinas Junior College in 1941.

Naval Aviation Cadet THURLE THOMAS graduated the 17th of January from the San Luis Obispo Preflight School, and was transferred immediately to Thatcher, Arizona, where he will continue training for his pilot rating and commission. While at Salinas, in '43, Thurlle was president of the Freshman class.

FACULTY PLANNING DINNER

Invitations have been extended for a promising affair to members of the faculty and faculty wives for next Saturday, February 12, the first get-together for the year.

The main committee members are Mrs. Hope Baxter, Mr. Borough, and Mr. Cassady, who in turn appointed sub-committees. Miss Fraser, Mr. Peavy, and Mr. Robinson are working on special skits with Mr. McCann, Mr. Eris, and Mr. Marble supplying the musical program.

Carrying out the pot-luck theme each guest is scheduled to bring, among other items, a fair-sized piece of wood to keep the fire blazing throughout the evening.

EYE SPY

EL AGE OF INNOCENCE

Where did all these men come from? Just as we were resigning ourselves to a school without men, a new invasion flies in—just five minutes ago, we were on our ways to the library (yes, really!) and saw a whole trio of that pre-war stuff. Seems their names are . . . no, it didn't take long to discover them . . . **JACK FREMONT, BUD YERKES, and DICK SCHALOC.**

As much of a surprise to Bessie as anyone else was the after-game party held at the Cominos home Friday night. Big-hero-of-the-evening-**TONY SANCHEZ** was there among all the confusion . . . but no one was more confused than **JEANNE WALLACH**. Seems she and Tony had planned to take the bus back to Watsonville after the first game, but something detained them . . . **REESE PECK**, no doubt. Then, of course, they had to take in the party and see all their old cronies . . . **DAVID HILL, FRED BOWLES, LITTLE ELMER, DEXTER, ELUOPOULOS, BLATT, GABE, HOLLIS**, and the rest. Believe it or not, miracle of all miracles . . . there were more men than women!!!! . . . the only ones our favorite spy could remember were **NADINE SNIDER, MAYRE DAVIES, BETTE MOORE, BILLIE LEE, JEANNIE, BESSIE**, and **STINKY** (no S. A.) **WILLIAMS**. Jeannie finally ended up in Monterey to spend the night with Nadine, so all was well.

Our vote for the man we'd most like to help us do our home work goes to **BILL OWENS**, another addition to the Monterey bus. He and **TONY RODRIGUEZ** serenade the gals while "Swoonatre" **HEARN** puts them in a daze with his sharp clothes.

The Sad Hat Club has just recently initiated some new members . . . **FRANCES MROVKA, DOTTIE NYBRO,** and **BARBARA FOSTER** are now full-fledged Sad Hatters . . . and we DO mean sad.

EYE SPY EYETEMS—To settle all puzzling minds and to stop the scuttlebut flying around school, afore-mentioned **BILL OWENS** is NOT married and never was. Bill would like to meet the person who started that . . . **VIRGINIA HORNER** and **BETTY BAGBY** are the two new blondes who grace the Santa Cruz bus . . . **ALISON DAVIES** has been sporting a picture of some . . . er . . . ah . . . mysterious man in a maroon Cadillac convertible. Que es? . . . as if we didn't know . . . **MARGARET HARTIGAN** . . . ex Eye-Spyer . . . is spending her time at San Jose State, now, and finds time between classes to model for a local well-known department store . . . Girls, official announcement is about to come out about the athletic banquet . . . they can bring dates, too . . . Need we say more? Okay . . . don't get excited . . . we're through.

Plans . . .

(Continued From Page 1)

February 3—Freshman reception, 3 p.m.
February 10—Clubs, 9 a.m.
February 17—Assembly, 10 a.m.
February 24—Clubs, 1 p.m.
March 2—Assembly, 11 a.m.
March 10—Clubs, 9 a.m.
March 17—Assembly, 3 p.m.
March 24—Clubs, 10 a.m.
March 31—Assembly, 2 p.m.
April 6—Clubs, 11 a.m.
April 14—Assembly, 1 p.m.
April 20—Clubs, 3 p.m.
April 27—Assembly, 2 p.m.
May 4—Clubs, 1 p.m.
May 11—Assembly, 9 a.m.

May 18—Finals begin.
May 26—Graduation.

Quota . . .

(Continued From Page 1)

sideration. Quotas will be based on the numbers of students available in certain fields.

When asked how this scrapping of programs would affect S.J.C., President Lemos expressed the opinion that it might increase our enrollment, since 17-year-olds graduating from high school would come directly to the Jaysee to get as much education as possible before the inevitable draft.

TOP BROADCASTS ARE ON RESERVE IN LIBRARY

Sh! We'll let you in on a little secret. Behind the main desk in the library we found eight volumes of "Best Broadcasts of 1938 to 1941. Everything from Jack Benny to the Quiz Kids is located here. These books contain all the scripts which have been judged as the finest by the proper authorities including the commercials. These commercials include Bill Goodwin's famous oddity on Swan Soap as well as soliloquies on Post Toasties. Scripts on 15-minute soap operas and hour dramas contribute to these books. Scripts from such favorites as Fred Allen, Fibber McGee and Molly, Quiz Kids, and many others. We'll let you in on another secret. You can check out these books for a one-week period.

JC ENSEMBLE CLASS HELD AT 8 A.M.

"The music ensemble is the best organization in college," was the statement made by Mr. Lorell McCann, head of the Music department, and all can readily agree who have heard the ensemble. Many plans for the future are being made for the ensemble including several appearances before the regular student body meetings in the Little Theater. A new personality in the ensemble is Miss Mary Jeanne Galpin, who plays the bass viol. Miss Galpin is from Monterey.

The class rehearses at eight o'clock each morning, and students who are interested in music are welcome to come and listen at eight-thirty. It is not intended as a place to chat but for those students who are appreciative of music.

PHOTOS ARE MUST BEFORE FEB. 11

It is imperative that all second year students remember to make appointments to have their pictures taken for the La Reata by February 11, which is absolutely the deadline. Regardless whether or not you plan to graduate, you are included in this group. To erase this "must do" from your list and the menace of trying to remember when the deadline is, make your appointment today and avoid dashing around the last minute.

The picture is of you; you want it in the La Reata; so make your appointment early. It's up to you entirely to see that your picture is in this year's issue.

Abnercrombie

By MARJORIE HUBBARD

Borrowing a semi-new golf club and a battle-scarred, thoroughly beaten ball from the equipment room, we set out for the well-known golf course of four holes. Rounding the turn of the gym, we tossed the ball to the ground and proceeded to line ourselves up with the first hole. Being veterans at the delicate game of golf, we gripped our club with a lust for a fight. Wham! Up, up into the air flew a piece of the turf, and looking down again we saw our ball, still reclining in the exact spot from which we started. Again we gripped our trusty club and set out for the first green. Furiously we chopped our way across the field, being especially adept in the art of divot digging, and at last sighted the first facsimile of the green through a haze of smoke, and pounding across the track, found ourselves near hole No. 1.

Steady now! Take it easy and don't hit it too hard. We're not very far from the hole now. Suddenly as we started to swing, something happened. The oddest feeling came over us as we bent over the ball. Someone was watching us. Turning around, we looked into a pair of brown eyes set in a brown furred head. Then the head disappeared into the ground to reappear a moment later a little closer to us. Now, standing on the 10-yard line of the football field, we asked the little fellow his name. It was Abnercrombie. A more intelligent gopher WE had never seen. He was completely worn out from his work on his home and now had come up for fresh air before resuming his task. We talked to him for a while and then went on with our golf game.

We told Dr. Eldon Gardner about the little fellow, and he said, "That must have been the one that escaped from my garden just in time."

Dr. Gardner is a champion gopher hunter with a record of 84 gophers last year and three already this year.

The choice of attire is up to you—anything in the way of dress clothes.

Make your appointment at the Cook's Studio in Salinas before February 11 and avoid the rush, but remember that February 11 is the deadline.

PANTHERS TAKE TWO GAMES FROM S.H.S.

The S.J.C. Panthers and the S.H.S. Cowboys clashed twice in the past week to battle out the rivalry, which always exists between two home-town teams, with the junior college hoopsters emerging the winner of both engagements.

In the first game, played on Wednesday, January 26, the two teams, S. J. C. starting Sanchez and Hawkins as forwards, Peck at center, and Marks and Best as guards, and the Cowboys starting Coulter and Moore as forwards, Dillinham at center, Echeveria and Mason as guards played a close game clear through with the final outcome being in doubt up until the last minute of play. The score during the first 12 minutes of the game was 3 to 2 in favor of the Cowboys and at the half was 9 to 8, still in favor of the Cowboys. After a hot pep talk by Coach Peavy between halves, the Panthers came back for the second half determined to win and began peppering the basket with shots. With Tony Sanchez as the main plug they managed to more than treble the score.

The score see-sawed back and

SECOND GAME

PANTHERS WIN AGAIN!

The second game, played last Monday was almost a repetition of the first game with even the scores being almost identical. The starting lineup of the Panthers was a bit altered because some of the players were still out driving school buses when the game started. Sanchez and Hawkins played forwards, Bowles started at center for Peck, and Wesley and Best played in the guard spots. The Cowboys lineup remained unchanged for this second game and they started off with a bang and managed to run the score up to an eight-point lead over the Panthers before

forth with first one team and then the other in the lead, but in about the last three minutes the Panthers put on a burst of speed and at the final whistle were five points ahead of their rivals.

Hot shots of the evening were Sanchez with 16 points, he being high point man of the game, and Coulter, high point man of the Cowboys with 14 points.

Scoring for both teams was as follows:

Salinas Junior College

Sanchez	16
Peck	6
Wesley	6
Marks	2
Best	1

Salinas High School

Coulter	14
Dillinham	3
Moore	3
Echiveria	2
Oliver	2
Andrus	1
Krausgrill	1

The first quarter was over. After calling a time out in order to talk over the situation the S.J.C. boys came out and began playing a slower, more controlled game, with the result that at the half the score was a bit more even with the Cowboys leading by only one point, 13 to 12.

The Panthers came back for the second half with their regular first string lineup and by playing a well controlled game, managed to keep building up the score. Although the shooting eye of the team as a whole was a bit off, the final score was 29 to 25, with the Panthers in the lead.

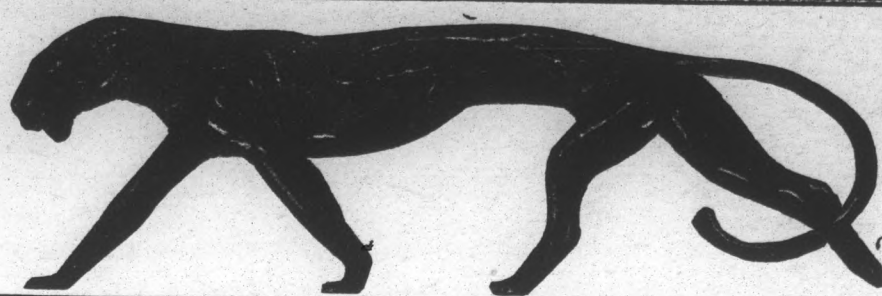

SERIES WON

PANTHERS TAKE SERIES FROM H.J.C. RAMBLERS

The Panther quintet journeyed to Hollister last Wednesday night to battle out a 31-to-19 victory over the H.J.C. Ramblers, and consequently, to win the series.

Taking the floor for the Pan-

thers at the start were Sanchez and Blatt as forwards, Pack as center, and Marks and Best as guards. The game during the first half was a rather confused and mixed up affair with neither team being able to get its plays

SPORTS

Upset!

ESJAYSEE TRIUMPHS OVER FORT ORD ALL STARS

Tony Sanchez, small, fast forward for the S.J.C. basketball team, very ably assisted by his teammates, streaked through the colored All Stars from Fort Ord

last Friday and broke the sea-son's high point record by ringing up 24 points for the Panthers.

The S.J.C. Panthers met the All Stars in the men's gym last Friday in a preliminary game to the Harlem Globetrotters vs. Salinas Air Base game. Although the All Stars were favored by most to win, the Panthers seemed to find their eye and ran over, around, and even through the Fort Ord boys with a final score of 51 to 33 as the result.

Coach Peavy started Sanchez and Hawkins as forwards, Peck at center, and Wesley and Best as guards, and instructed his players to use a modified zone defense which they continued to use throughout the entire game. The Panthers got off to a fast start and held the pace through the first half with the score 35 to 12 in favor of the Jaysee boys at half time. Although they slowed down a bit in the second half they managed to more than hold

working and at half time the score was tied up at 12 to 12.

Coach Peavy, starting the same lineup for the second half, instructed his players to play a more conservative game, with the result that the Panthers, spurred on by the pleas of an unidentified sailor who had a bet on them, immediately began pulling ahead. The game during the second half was faster and even rougher than the first half with men from both teams going out of the game on fouls and unnecessary roughness.

Martin Blatt took the honors

their own and continued to pepper the basket with shots.

Individual scores for the players on both teams were as follows:

Salinas Junior College

Sanchez	24
Peck	2
Marks	6
Blatt	12
Hawkins	6
Richardson	1

Fort Ord All Stars

Berry	9
Cargle	5
Fortune	6
Steel	4
McGown	7

The Harlem Globetrotters put on a very good exhibition of ball handling and shooting and succeeded in having the capacity crowd in stitches with their continuous clowning. The score for this game was 44 to 33 in favor of the Globetrotters.

as high point man of the Panther squad with 12 points, and Bob Infelice of H.J.C. was high point man of the game with 13 points, 5 of them being made with free throws.

Individual scores for the Panthers were Sanchez 6, Blatt 12, Marks 9, Wesley 2, and Gabriel 2. For the Ramblers, Corotto 1, Infelice 13, Francis 4, and Ravella 1.

Since Esjaysee won the first two games of the proposed three game series, Coach Peavy has announced that there will not be a third game with Hollister J.C.
